

Jean Wilkie

I have a 13 year old son with autism and epilepsy. He is my only child. In April 2008 my son began attending Mitchelton Special School after mainstream school became just too difficult for him. My experience of parenthood had up to this point been a very isolating one so I was very keen to meet parents of children with similar needs. MyTime presented the perfect opportunity to do this and I have not been disappointed.

“Through MyTime I have gained the friendship, information and support (not to mention a new hairdresser!) that would otherwise have been very difficult to find. I think I have missed only 2 or 3 meetings - and not by choice.”

Finally I must mention (and I'm sure the other members won't mind me saying) how much we all adore Anne Gooley our State Co-ordinator. Without her presence the wheels just wouldn't turn and that would be a very bad thing!
